

CONTRIBUTE to the church, community, and beyond

CONTRIBUTE definition – to give resources (time, energy, & money) to help achieve something

CONTRIBUTE is about my commitment to the Jesus mission. We contribute our time, talents and resources to further the Jesus Mission in our church, community, and in the world.

Ways to gauge my CONTRIBUTION

- God works through me to further His mission in the world.
- I actively seek out opportunities to have spiritual conversations with those who have not yet started a journey with Jesus.

- I am a committed member of a serving team at Revolution.
- I regularly share meals with people or engage in activities with people that have not yet found Christ.
- I am committed to serving the church, community, and beyond.
- I believe that as a Christ-follower, I am sent into the world to be a blessing.
- I regularly pray for people that are far from God.
- I regularly follow through with commitments I make with my time and money.
- I live an intentionally, sacrificial lifestyle that helps me dedicate my time, energy, and money to the Jesus' mission
- I am open to being challenged to grow in my generosity to the local church.

- I believe God is and will continue using me, to reach people in my circle of influence, with His message.
